Deputy Prime Minister and former : כותרת :
Chief of Staff Moshe Ya'alon said

News caster: Deputy Prime Minister and former Chief of Staff Moshe Ya'alon said today that Israel is prime for a war in Iran. He told a conference in Herzliya that by spearheading assaults on terrorists in neighboring Lebanon and the territories, the Air Force had gained the techniques necessary for any future strikes on Iranian sites. He said ,that there had been an improvement in the technology including range and refueling capabilities, meaning more accuracy of ordines and intelligence. Ya'alon said this capability can be used for a war on terror in Gaza, for a war in the face of rockets from Lebanon, for war on the conventional Syrian army, and also for war on a peripheral .state like Iran
